	Liquidity				12,52%
	Total RP				100,00%

Comment of Reference Portfolio Advisor

In November 2022 three further notional investments were made. The Reference Portfolio Advisor decided to notionally add certain securities issued by ACE Italy Projects II S.à r.l., Marmakon 3 S.à r.l. and Albatros Projects XV S.à r.l. as additional Reference Debt Security Components to the Reference Portfolio. As these investments were not in the initial Reference Portfolio on the fixing date, please see description of these additional Reference Debt Security Components in the separate documents 1.1 - 1.3 for November 2022. The Notional Acquisition Costs of such Reference Debt Security Components comprised in total for these three investments approx. 45% of the Reference Portfolio Value and were funded from the Notional Cash Position. The value of the Reference Fund Components and Reference Debt Security Components comprised approx. 88% of the Reference Portfolio Value at the end of November 2022. Due to higher than anticipated sales volume of notes on the stock exchange and ongoing negotiations for further investments, the balance of the Notional Cash Position is currently higher than initially intended. The goal is still to notionally acquire further Reference Fund Component(s) and/or Reference Debt Security Component(s) during a ramp-up period, thereby reducing the Notional Cash Position to below 5% of the Reference Portfolio Value.
