Comment of Reference Portfolio Advisor

In September 2024 the Reference Portfolio Advisor decided to notionally add certain security issued by Albatros Projects XXXI S.à r.l. as additional Reference Debt Security Components to the Reference Portfolio. As Albatros Projects XXXI S.à r.l. investments were not in the initial Reference Portfolio on the fixing date, please see description of this additional Reference Debt Security Component in the separate document 1.15 for September 2024. The Notional Acquisition Cost of these Reference Debt Security Components comprised in total approx. 2% of the Reference Portfolio Value (incl. interest on the Valuation Date) and were funded from the Notional Cash Position. Since last valuation at the end of August 2024, the Reference Portfolio Advisor decided to continue to participate for another nineteen months on the Reference Debt Security Component issued by ACE Italy Projects II S.à r.l., which had a former maturity date of 1st September 2024. The new maturity date is now 31st March 2026 with a new interest of 8.5% p.a. All other conditions described in the separate document 1.1 of this additional Reference Debt Security Components are remaining unchanged. Further more, The Reference Portfolio Advisor decided to notionally raise two already existing Reference Porfolio Components, the Reference Debt Security Component issued by AQ Ampere GmbH and ACE Italy Projects I S.à r.l.. The Notional Acquisition Cost of these Reference Debt Security Component comprised in total approx. 3% of the Reference Portfolio Value (incl. interest on the Valuation Date) and was funded from the Notional Cash Position. The maturity date for the two new Reference Debt Security Components issued by AQ Ampere GmbH is 1st and 30th September 2026. The value of the Reference Fund Components and Reference Debt Security Components comprised approx. 97% of the Reference Portfolio Value at the end of September 2024. Except for a mandatory Notional Cash Position buffer, the Reference Portfolio is considered fully invested and has achieved its goal of keeping the Notional Cash Position below 5% of the Reference Portfolio Value.
