Comment of Reference Portfolio Advisor

In June 2024 with the Reference Debt Security Component issued by ACE Italy Projects II S.à r.l. a partial repayment has taken place. This Reference Debt Security Component could thus be reduced ahead of its maturity date and the the Reference Portfolio Advisor decided to notionally add certain security issued by GSA V German Sustainable Assets V GmbH, AQ Ampere GmbH and ACE Italy Projects I S.à r.l. as additional Reference Debt Security Components to the Reference Portfolio. As AQ Ampere GmbH and ACE Italy Projects I S.à r.l. investments were not in the initial Reference Portfolio on the fixing date, please see description of this additional Reference Debt Security Component in the separate document 1.11 and 1.12 for June 2024. The Notional Acquisition Cost of this Reference Debt Security Component comprised in total approx. 5% of the Reference Portfolio Value (incl. interest on the Valuation Date) and were funded from the Notional Cash Position. The value of the Reference Fund Components and Reference Debt Security Components comprised approx. 91% of the Reference Portfolio Value at the end of June 2024. Due to the partial repayment of the Reference Debt Security Component issued by ACE Italy Projects II S.à r.l. balance of the Notional Cash Position is currently slightly higher than initially intended. The goal is to reduce the Notional Cash Position to below 5% of the Reference Portfolio Value again.
