Comment of Reference Portfolio Advisor

Since last valuation at the end of January 2025, the Reference Portfolio Advisor decided to continue to participate for one month on Reference Debt Security Components issued by European Sustainable Projects IV S.à r.l. which had a former maturity date of 28 February 2025. The new maturity date is now 31 March 2025 with an interest rate of 11.0% p.a. Furthermore, the Reference Portfolio Advisor decided to continue to participate for two years on Reference Debt Security Components issued by ACE Estonia Projects I S.à r.l. which had a former maturity date of 28 February 2025. The new maturity date is now 28 February 2027 with an interest rate of 13.0% p.a. All conditions described in Prospectus of this additional Reference Debt Security Components are remaining unchanged. In February 2025 with the Reference Debt Security Components issued by ACE Italy Projects II S.à r.l., Albatros Projects XV S.à r.l. and ACE Greece Projects I S.à r.l. repayments have taken place. These Reference Debt Security Components could thus be reduced ahead of its maturity date. The Reference Portfolio Advisor decided to notionally add certain security issued by Condor Projects I S.à r.l., Aquila Clean Energy APAC Projects Holding GmbH and ACE Italy Projects I S.à r.l. as additional Reference Debt Security Components to the Reference Portfolio. As Condor Projects I S.à r.l., Aquila Clean Energy APAC Projects Holding GmbH and ACE Italy Projects I S.à r.l. investments were not in the initial Reference Portfolio on the fixing date, please see descriptions of this additional Reference Debt Security Component in the separate documents 1.18, 1.19, 1.20 and 1.21 for February 2025. The Notional Acquisition Cost of this Reference Debt Security Components comprised in total approx. 28% of the Reference Portfolio Value (incl. interest on the Valuation Date) and were funded from the Notional Cash Position. The value of the Reference Fund Components and Reference Debt Security Components comprised approx. 94% of the Reference Portfolio Value at the end of February 2025. Due to the repayment of the Reference Debt Security Components issued by ACE Italy Projects II S.à r.l., Albatros Projects XV S.à r.l. and ACE Greece Projects I S.à r.l. balance of the Notional Cash Position is currently slightly higher than initially intended. The goal is to reduce the Notional Cash Position to below 5% of the Reference Portfolio Value again.
